CEO Message

NAIS has sought after perfection since it was founded on 2006 to create a comfy, cozy, and healthy atmosphere, and in order to achieve that, we committed ourselves to building a friendly relationship with all parties in the process: Customers, employees, and even the surrounding environment. Furthermore, we pledged to use the most advanced technology as well as the highest standard of eco-friendly materials.

It is of great satisfaction to know that we are able to meet the clients' needs. We use customer satisfaction as a benchmark by which we evaluate as well as measure its performance, and We strive at ensuring that our products and services are of high standards of quality. In this era of ever-changing market dynamics, clients are informed more than ever before about their options for their solutions providers. Even so, the clients continue to trust NAIS as their partner of choice. This can be attributed to its work ethics, experience, integrity, and commitment to quality.

We hope to continue providing the best performance in the industry, which suits your taste and meets your wishes with integrity and creativity. **Our Vision is Green.**

Jabor Bin Nasser Al-Noaimi
CEO

Vision and Mission

Vision:

As a leading expert in landscaping and irrigation, our efforts are focused on always being at the forefront. We are aiming to meet the demands of a society that is moving towards a greener and eco-friendly lifestyle. Most importantly, we strive to define the value of natural beauty wherever we operate. The satisfaction of our customers is, and will always be our chief priority, and for that, we offer our personal and professional services to the best of our abilities. Fulfilling the needs of our customers at the end of the day is our greatest asset and we always feel proud of the work we do no matter how big or small it is.

Mission:

Our mission is to bring a greener life to your doorsteps, while being a part of Qatar's booming development through the latest cutting-edge technology, our company is committed to getting the job done as effectively as possible. We will meet the developing demands and expectations of the public by means of creative thinking, innovation and more efficient processes. Simply being a one-stop-shop for everyone who will be interested to embrace a greener lifestyle.

Our Vision is Green

Outline

AL NOAIMI AGRICULTURE & IRRIGATION SERVICES (NAIS) has been providing an outstanding customized service to our clients since 2006, as our passion is to create distinctive landscapes. This has earned us the reputation of being one of Qatar's first class landscape companies. As a full-service landscape and irrigation company, we provide a one-stop shop for all areas of landscaping, including design, maintenance, construction and irrigation for residential and commercial clients. As each and every client has different needs, all of our designs and concepts are customized to satisfy each customer in a unique way.

During this time we have developed many long-term relationships with clients who appreciate our ability to design and install beautiful landscape and state of the art irrigation system.

No matter what type of service or design you are looking for, **NAIS** can help by providing you the highest quality of service in the industry, while ensuring your extreme satisfaction with the completed project.

With our wide range of landscape offerings, we look forward to continual improvement and development of our tradition in providing top-quality services, exceptional individualized attention and unrivaled customer satisfaction.

We pride ourselves on exceptional customer service coupled with a firm commitment to energy, water and environmental conservation. Our expert management team and proficient technicians take a detailed-oriented, expert approach to every project in order to provide the highest caliber of customer service. We have developed a first-class reputation in the country for superior installation, design, maintenance, and rapid response to client service requirements. Customer service and satisfaction have always been our top priority in the business. As a result, our corporate philosophy is to go extra miles for every customer, on every project, every time. That is the **NAIS** difference!

Customer retention is the greatest testament to our company's standard quality of excellence. A number of residential, commercial, and government entities of the State of Qatar continually choose us to develop and integrate customized irrigation and landscape ideas into their environment. We are committed to utilizing the foremost business practices in order to provide our customers with unparalleled products, services and optimal solutions.

Environmentally sound energy and water principles help to conserve natural resources while saving businesses, municipalities, and households money. That is why at **NAIS**, we are committed to developing environmentally sound ideas. We understand the significance of a properly installed and maintained irrigation system both environmentally and economically.

We currently service landscaping and irrigation projects and annual maintenance agreements for a number of residential, commercial and local government clients in the State of Qatar. Rest assured that **NAIS**, has the substantial experience and quality reputation to facilitate your project with the quality and customer service you deserve.

What sets us apart? Many years of experience in landscape management. As horticulturists we know the water requirements of your plants and how they will vary depending on site conditions and locations. This is critical knowledge when designing or servicing your system to protect your landscape investment.

It is our goal to provide all of our customers with a high level of professionalism, honesty, friendliness and attention to details. Our work is guaranteed to meet your complete satisfaction.

Our company is certified and is continually being trained in the most updated techniques and methods of plant, landscape and irrigation methods.

Looking at the big picture and creating a solution specific to the individual project is what **NAIS** does best. Ultimately we wish to establish and maintain a long term relationship with every customer built on respect, confidence and mutual trust.

NAIS is the complete resource for irrigation and landscaping professionals. Through all the years, we have met our customers every need, providing them with products, services, design, advice, and above all a dedicated team eager to help in any way we can.

Subject : PRE-QUALIFICATION OF SUB-CONTRACTOR FOR LANDSCAPING & IRRIGATION SYSTEM WORKS - M/s AI NOAIMI AGRICULTURE & IRRIGATION SERVICES SUBMITTAL NO: PT-PQD-004, Rev.0

Dear Sir,

This refers to your letter PL/GTC303-09/PARSONS/SO/L1324/12 dated 12th March 2012, pertaining to the above mentioned subject. We have reviewed the pre-qualification documents of M/s Al Noaimi Agriculture, the proposed Sub-contractor to carryout Landscaping & Irrigation works and inform the contractor that it is **approved** subject to the following conditions:

1. Attached Contractor's Classification Certificate is expired, provide copy of valid certificate.
2. Submission of detailed drawings, method statement and materials for the complete scope works.
3. Main Contractor to be fully responsible for the performance of the proposed sub-contractor.
4. Full compliance to Local Authorities requirements, if any.
5. This review or any approval shall not relieve the contractor of any of its contractual obligations.

This is for your record, information and action.

Yours sincerely,

Rajendra Kapoor

To whom it may concern

We, Hydroturf International Company have a long association with Yaseen Shudaifat, General Manager of Al-Noaimi Agriculture & Irrigation Services, and whom have always approached project execution from a professional view point, in order to install highest quality materials, excellent and quick workmanship, and we highly recommend Al-Noaimi to Clients for small and large projects.

Al-Noaimi have worked with on Irrigation Central Control Systems, latest of which is at Musaeed Industrial City plus Azud and VAF Filtration Stations, Major Pumping Sets with variable frequency drives, and of course various Irrigation Systems and Landscape works.

We have made several Joint-Ventures with them on First Class Soccer Fields with Qatar Olympic Committee, and supplied Toro irrigation materials to Al-Noaimi, Toro, Redexim, Solo, Tanaka, and Etesia Machinery/Landscape equipment plus utility vehicles for Ashgal and MMAA and QP projects.
